Last year they called the Red Sox the last year they called the Red Sox the "Speed Bya." Now President Jimmy McAlerc it going to sell his men and go secuting for more speed. Yerkes, a 1812 world's series hero; Cady, another one, Hall. Nusamaker, and Engle are said to be slated to go because they clog the nature. Too many double plans which include these men have decided the Roston owner. He is willing to trade any of them for men who can leg it.

Joe Vila, in the New York Sun, Joe Vila, in the New York Sun, says: The difference between Welverton and Chance is this: Wolverton when he as-sumed the management of the New Yorks last year continually adeclared that the team would finish in the first di-vision. When Chance took hold of the material Wolverton left behind he quick-ly informed his employer that he had a minor league outh; and could not hope for a winner unless wholesale changes were made.

Upon the occasion of Lajole's seven-teenth anniversary of his entrance to the major leagues on August 12 that great player said: 'I have to reake it twenty years in the game, and I don't see any reason why I shouldn't. Did you see me make that hook slide? Just like a col. feetting younger. In fact, I feel as if I could make good for three more seasons, anyway. I tell you one thing, and that is they will have to cut the uniform off me before I'll quit."

Pitcher Clyde Williams, recently pur-Fitcher Clyde Williams, recently purchased by the Detroit club from the Nashville club for \$5,500, will be the fifth player of that name in this league. Washington has Alva Williams, the former Red Sox catcher and first baseman. Last week Griffith secured a pitcher named Williams from the Helena (Mont.) club, New York also last week secured Hurry Williams a first baseman and brother of Gus Williams, of the St. Louis Browns. Detroit's acquisition makes the total of Williamses five.

The St. Louis club upon the recommendation of Stout Charles Barrett has secured Outfielder Meinert from the Nebrasha Lesque. Barrett says he is as fast a man as any player on the Erowse at present in getting down to first. While he is not a heavy man, he is well built, and will scale around 180 pounds. Last year was his first in professional baze built, and he was not considered a good butter. This year he developed a battims streak and has been landing on the leather at a .31 clip up to date.

The matter of waivers keing a state secret in the American League, with a fine as the penalty for violating it, there is no official way in which to verify or refute Benn's occasion for worry except the well-known fact that the asking of waivers often is for the pilippes of finding out how a player is regarded by the other seven teams, with a view to a possible trade, but without any less of

During the last week the Boston citit signed two young pitchers. One is a southpaw named William Byers, signed won recommendation of Waiter-Wilmon the former Chicago outelder. The other is a right-hander named Eving J. Carson. He played with the Milton, Mars. High School team in 1819, 1911, and 1811. During the latter summer he played with the Nova Scotta Lesaue, and this summer he has pitched for the Braintree A. A., a semi-pro, club. AUGUST 27.

Persons of this birthdate are surounded by all the good and potential

rounded by all the good and potential forces of the universe and can reach out any moment and use them to great advantage if they only have the mind to do so.

The trouble with persons of this birthdate is that they are ant to be over-critical, look for the bad instead of the good and not rise superior to outward exheditions.

Like people born in February, they should be self-reliant and forge right shead with their plans and success will be theirs.

Do not judge other people is the best advice that can be given to a person of this birthdate.

Virso is the governing sign and Mercury the governing planet for all birthdates falling between August 21 and Rectember 22.
